Profile

Detail-oriented Estimator with expertise in aluminium windows and doors seeking a challenging role to utilize my skills in project estimation and cost analysis. Proficient in reading blueprints, conducting material take-offs, and preparing accurate bids. Committed to delivering exceptional customer service and meeting project deadlines. Ready to contribute to a dynamic team.

Work Experience

Estimator - Aluminium Windows and doors

- Conducted thorough material and labor cost analysis to accurately estimate project budgets for aluminium windows and doors installation projects.
- Collaborated with suppliers and vendors to negotiate competitive pricing and ensure timely delivery of materials for projects.
- Utilized industry-standard software to generate detailed project bids and proposals, resulting in a high rate of successful project acquisitions.
- Coordinated with project managers and installation teams to ensure that estimated budgets were adhered to and that projects were completed within specified timelines.
